(Joined from St. Helens Corporation on 18.7.66)

Mr.Chairman, Ladies and Gentlemen,

I submit to you my Annual Report on the health of the District for the year 1966. This has been compiled in accordance with the directions of the Minister of Health.

A satisfactory state of health prevails in the District and the statistics compare favourably with those for the County as a whole.

As there has been a change of boundary during the year, the statistics represent the events assigned to the area within the boundaries as they existed at the date of registration of each event. To allow calculation of valid Birth and Death rates, the figure shown under "Estimated Mid-Year Population" is a weighted average of the mid-year population of the area as constitutes before and after the change.

The Birth Rate has dropped from 14.03 in the previous year to 13.74(adjusted).

The illegitimate Live Birth Rate dropped from 8.5% in 1965 to 5.6% and compares with 4.0% for the County as a whole.

The Infant Mortality Rate was 20.4 comparing with 19.0 for England and Wales.

I am pleased to report that there were no Maternal Deaths during the year.

The Death Rate showed a further drop and is now 8.97 and compares very favourably with 11.7 for England and Wales. The two chief causes of death were Cardio-Vascular Lesions or diseases and Cancer. These two by far outstripped, numerically, the other main causes of death such as Pneumonia, Bronchitis and Motor Vehicle Accidents.

The latter part of my Report deals mainly with environmental hygiene and this has been covered by your Chief Public Health Inspector.

I have enjoyed the full co-operation of Mr.J.W.Stephenson, Surveyor and Chief Public Health Inspector and I express my thanks both to him and the other members of the staff for their willing and efficient assistance. May I also express my gratitude to the staff of the other departments and to the Council Members for their help and encouragement during the year.

I am, Ladies and Gentlemen,

J. V. LOUGHLIN.

District Medical Officer of Health.
